Oxygen Concentrator Water Bottles

Do's

- Use Distilled Water!
- Wash After each use
- Replace Bottle every 60 days
- Empty before refilling

Don't's

- Don't Overfill (stay between lines) - causes rainout which means water in hose
- Don't crossthread - Concentrator will not work
- Don't Boil water for use in bottle
- Don't use well water
- Don't top off bottle
